Nominations for 2020 Officers

As printed in the November Newsletter, nominations for officers to serve the 2020 term were included in the agenda of the December 7 meeting of the Board of Directors. **All members were encouraged to attend and participate** in this important process of electing your club's governing body. What happened?

Regarding the election of officers, Article V, paragraph 5.1 of the Bylaws reads: Such elected officers shall hold office until their successors are elected and qualify.

Considering the absence of membership participation and lack of nominations presented for the election of new officers, your existing slate of officers agreed to serve the 2020 term. They are:

Sheriff: Bonnie Trudell, aka Granny Gunsmoke
Deputy Sheriff: Dale Odekirk, aka Del Monte
Banker: Linda Cleave, aka Rosie
Scribe: Don Cleave, aka A.T. McGee

CAS and the 4-H Western Heritage Project
Part 2 of 2

Some of the ways these two shooting disciplines differ are that lever action rifles may not have short stroke modifications, revolvers may be double action as long as they are capable of performing in single action mode and handguns may only be fired using a two handed grip. Holsters may be worn, but no firearms are to be carried in them. Pistols are carried with the hand over the cylinder, not by the grip. No ammunition is to be carried on the shooter's person. Shotgun shells are to be staged and loaded from a bucket, box or loading block and only shot size # 7 ½ or smaller may be used. Reloaded ammunition is prohibited at national events and is not recommended for other levels. Pistols, rifle and shotgun are staged on a flat surface and guns are not to be carried from one shooting position to another.

The 4-H Western Heritage Project is not just about shooting, it is also focused on education. The goals of this program are to instill an appreciation of the values and traditions of the western past. This is enhanced by visits to museums and historical locations and participation in living-history, becoming living historians. This is accomplished by choosing a historical figure or occupation of the Old West and learning how this person or profession would fit in the history of the Cowboy Era. A written exam counts for 25% of total score while an oral exam in the form of an interview with a panel of 2, 3 or 4 judges is worth 25%, with the remaining 50% coming from the shooting portion of the event. These exams cover the knowledge base of the historical time and the persona the participant has chosen to represent. During the exams the 4-H'er dresses in period correct clothing and is graded on appearance as well as on any accessories that would be appropriate.

Montana & Oregon currently offer the 4-H Western Heritage Project, but Washington & Idaho do not.
