A NOTE FROM RANGER SIX

Greetings fellow reloaders,

Winter always seems the time to catch up on reloading when shooting slows down. When thinking of bullets remember, if you buy **Badman Bullets** via the link on the **NEW Regulators** website, 10% of the purchase price is refunded to the club! In 2016, this generated \$128.38 & 2017 has so far seen a profit of \$124.20. If you place an order within 6 months of last order, you get a 5% discount as well. Please remember to order via the club website.

Thanks,

Ranger Six

Scribe's footnote: As your scribe I can attest that **Ranger Six** does not own stock in, or is affiliated with, **Badman Bullets**. I can also attest to the fact that he knows a good deal for the club and its' members when he sees one.

Wild Bunch Rule Changes for 2018

Courtesy of Wiley Bob

- The Model 12 shotgun does not have to be declared at the firing line. However, it must still be brought to the line with the hammer down on an empty chamber. If the gun is cocked it cannot be racked without pulling the trigger or hitting the slide release. If the shooter cannot rack the shotgun, they will be stopped immediately and the shotgun checked to see if it is cocked. If so, a SDQ is assessed.
- Pistol magazines may now be loaded with up to 7 rounds. It is recommended that the average round count per stage will be 28 in a Wild Bunch match.
- The pistol may now be reloaded with the slide forward with an empty chamber or with a round in the chamber. A single round may be loaded by hand.
- The penalty for moving with the slide forward on an empty chamber has been reduced to a MSV. It is still a SDQ to move more than one step with the slide forward on a loaded round. The basketball rule still applies.
- The pistol may be re-staged with a loaded magazine in the gun as long as the slide is locked open. If the slide closes, loading a round, it is immediately a SDQ.
- In Match Procedures and Terms, all officials are listed with those that are optional verses required. Note that a Loading Table officer is now optional but an Unloading Table Officer is required.
- The TO no longer asks the shooter if they understand the course of fire.
- The TO no longer calls the shooter back for a closed firearm unless they can see that the shooter did not attempt to clear the firearm.
- There are clear definitions for “cleared” and for “squib”.
- There is no longer a penalty for dry firing at the loading table.

Cowboy Action Shooting Monthly Matches

Even though Mother Nature spared us snow for the December matches, cold air prevailed just above the cancellation point. **Cowboy Action Shooters**, being diehards as they are, showed up in spite of the thermometer to let the lead fly and have fun doing it. Sunday, to help keep things moving and show us “how it's done”, we were glad to welcome **Bootless Bob**, **Copenhagen Kid** and **100 Proof**.

Here's hoping you plan now to join in on the January shoot and have fun shooting **Idaho Muleskinner's** scenarios on Saturday, Jan. 6, and come back again to see what **A.T. McGee** has planned for Sunday, the 7th.
