Winter Rules Commence November 6

Even though winter isn't here yet, cold weather will be here soon and being a warm, comfortable and safe shooter is more important than styling in your best cowboy garb. So dress warm, stage your six-guns if your hands are cold, **slow down a bit to be safe and have fun.**

To be totally on the safe side, if the forecasted range temperature for Ricochet Junction on match days is 20 degrees F or lower the match will be cancelled. If such is the case, notice will be given via e-mail to all North-East Washington Regulators & Friends.

If you're still not sure, contact Granny Gunsmoke at 509-684-4476 or A.T. McGee at 509-680-0630.

To alleviate the effort of finding all of your rifle brass buried in the snow, and not to be construed with shooting in the OPEN class, lever or pump rimfire rifles chambered in 22LR may be used in lieu of center fire cowboy action rifles for monthly matches..

Did You Know?

Tidbits to ponder courtesy of Territorial Governor Ranger Six

Skinny, the Editor-In Chief of the Cowboy Chronicle, told me he was calling the October 2021 publication of the Chronicle the *Ranger Six issue*. This was due to the fact that 4 of the included articles were authored by me, bringing the total of my stories published to 16.

These 4 include the Washington and Montana State Championships, the Washington State Black Powder Championship and last, but not least, the 17th Annual Ambush At Ricochet Junction. Lots of photos accompanied these articles with many showing the same shooters at different matches. Check it out to see if you were one of the shooters showcased among the folks pictured in these stories
